**Made in the U.S.A.**

## SPECIFICATIONS/FEATURES

### Construction

- Superior's Electric Twin Pot Fryer features all stainless steel construction with two separate housings provided.
- Separate kettles with individual controls conserve energy during non-peak periods.
- Immersion type tubular heating elements provide excellent frying performance.
- Removable 15lb. nickel plated steel kettles make cleaning fast and easy.
- Snap-action thermostat provides accurate temperature control from 200° to 375°F (93° to 191°C).
- Heavy duty on-off switches and indicating lights provide easy operations.
- Basket size: 8<sup>3</sup>/<sub>4</sub>" x 10"L.
- Knob guards protect switches.
- Nickel plated die cast legs. Adjustable from 4" to 5<sup>3</sup>/<sub>8</sub>" (10.2cm to 13.7cm)

### Applications

- Produces up to 50 lbs. of fries from raw to finished. Superior's Twin Pot Fryer offers great frying flexibility. No matter what the menu; onion rings, fries, chicken or fish; this twin pot fryer keeps food flavors where they belong.
- Separate controls allow for a variety of uses and conserves energy during off-peak.

### Electrical

- This fryer operates on either 208 or 240 volts at up to 9.2kW.
- A terminal block for making line connections is provided.
- No cord or plug is provided as this unit requires hard wiring by a qualified installer.

### Specifications

Electric fryer is constructed with an all stainless steel body. Two separate control housings are provided. Each housing has indicating lights, adjustable snap-action thermostat, hi-limit safety thermostat and an immersion type tubular element. Housing swings up to allow the 15 lb. (6.8kg) fat capacity nickel plated steel kettle to be removed. Two heavy duty on-off pole switches. Two side mounted 8<sup>1</sup>/<sub>2</sub>" (21.6cm) x 10" (25.4cm) nickel plated, perforated steel mesh baskets are provided as standard. 4"H (10.2cm) nickel plated die cast legs. A terminal block for making line connections is provided. Units are UL listed, NSF approved and CSA listed. No cord or plug is provided as this unit requires hard wiring by a qualified installer.

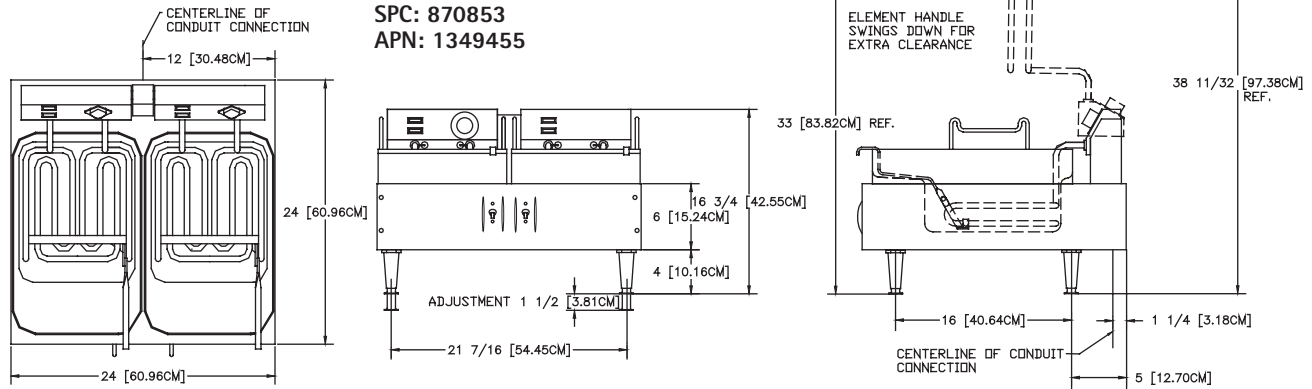

### Warranty (USA)

- 1 Year parts and labor warranty
- For commercial use only, not warranted for home use.
